Attention To: ALL OPERATORS

Tourism Authority launches its 'Safe Travels' Web Application

The Tourism Authority wishes to inform the tourism operators that the Web Application 'Safe Travels' can be accessed on <https://safetravels.besafemoris.mu>. This initiative is in partnership with Mauritius Telecom who has ensured its development and functionalities.

It is to be noted that the Sanitary Measures for the Resumption of Activities in the Tourism Sector, endorsed by the World Travel and Tourism Council, were available on the website of the Tourism Authority and a communique was issued on same on 30th May 2020.

The Tourism Authority wishes to emphasise on the following:

1. All operators falling under the Tourism Authority Act, must connect to this web application
2. Operators are requested to comply with all the measures recommended under their respective categories of operations
3. A certificate bearing the seal of the WTTC and the Tourism Authority will be generated by the application after the operator's consent
4. The 'Safe Travel Certificate' shall be printed and affixed at a conspicuous place
5. The operator is invited to use the certificate for promotional purposes locally and internationally
6. Regular inspections will be carried out by the Authority to ensure the implementation of sanitary measures. Failure to comply with these may result into license cancelation
7. On the license Number on the Login page, always to disregard the (0) in front of the number. E.g to write 309 instead of (0309) or 19 instead of (00019)
8. In the event that an Operator cannot login, kindly click on the Contact Us icon on the first page of the Web App
