

Important Notice

It has been brought to our attention that there are many consultancy companies (accounting, legal and others) and individual consultants who apply for licenses/certificates issued by the Tourism Authority under the Tourism Authority Act on behalf of applicants.

This office has noted with much concern that many of them tend to exercise undue pressure on Officers of the Tourism Authority for general information (already available on our website) or processing of applications.

We wish to point out that all applications, from whoever they may be, are being treated with the same consideration as long as they are in line with the policies and guidelines applicable. It is worth noting that:

- i. Checklists specifying prerequisite documents/information to be submitted for each type of tourist enterprise/activity are already available on the website of the Tourism Authority on www.tourismauthority.mu.
- ii. In case you need any further clarifications or would wish to have any additional information, you shall have to take an appointment with an officer at the Help Desk, to assist you.
- iii. Once all documents have been verified and found correct, any application will be processed, as per the current procedures.
- iv. All consultants/applicants are recommended not to interfere in the smooth process of the application.

We thank you in anticipation for your comprehension and collaboration.

The Management
