## 2. Introduction

- 2.1 The Client named in the **Data Sheet** will select a consulting firm/organization (the Consultant) in accordance with the method of selection specified in the **Data Sheet**.
- 2.2 The Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
- 2.3 Consultants should familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Consultants are encouraged to visit the Client before submitting a proposal and to attend a pre-proposal conference if one is specified in the **Data Sheet**. Attending the pre-proposal conference is optional. Consultants should contact the Client’s representative named in the **Data Sheet** to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 2.4 The Client will timely provide at no cost to the Consultants the inputs and facilities specified in the **Data Sheet**, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
- 2.5 Consultants shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.

## 3. Conflict of Interest

- 3.1 The Government of the Republic of Mauritius requires that Consultants provide professional, objective, and impartial advice

and at all times hold the client's interests paramount, strictly avoid conflicts with other assignments or their own corporate interests and act without any consideration for future work.

3.1.1 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be recruited, under any of the circumstances set forth below:

**a.  
activities**

**Conflicting**

(i) A firm that has been engaged by the client to provide goods, works or services other than consulting services for a project, and any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firm's consulting services for such preparation or implementation. For the purpose of this paragraph, services other than consulting services are defined as those leading to a measurable physical output, for example surveys, exploratory drilling, aerial photography, and satellite imagery.

**b.  
assignments**

**Conflicting**

(ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for another Client. For example, a Consultant hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and a Consultant assisting a Client in the privatization of public assets shall not purchase, nor advise purchasers of, such assets. Similarly, a Consultant hired to prepare Terms of Reference for an assignment should not be hired for the assignment in question.

**c.  
relationships**

**Conflicting**

(iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Client's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the

Contract, shall not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Client throughout the selection process and the execution of the Contract.

3.1.2 Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

3.1.3 No agency or current employees of the Client shall work as Consultants under their own ministries, departments or agencies. Recruiting former government employees of the Client to work for their former ministries, departments or agencies is acceptable provided no conflict of interest exists. When the Consultant nominates any government employee as Personnel in their technical proposal, such Personnel must have written certification from their government or employer confirming that they are on leave without pay from their official position and allowed to work full-time outside of their previous official position. Such certification shall be provided to the Client by the Consultant as part of his technical proposal.

#### **4. Unfair Advantage**

4.1 If a Consultant could derive a competitive advantage for having provided consulting services related to the assignment in question, the Client shall make available to all Consultants together with this RFP all information that would in that respect give such Consultant any competitive advantage over competing Consultants.

#### **5. Fraud and Corruption**

5.1 It is the policy of the Government of Mauritius to require Public Bodies, as well as consultants and their agents (whether declared or not), personnel, sub-contractors, sub-consultants, service providers and suppliers observe the highest standard of ethics during the selection and execution of contracts.<sup>1</sup> In pursuance of this policy, the Client:

    - (bb) acts intended to materially impede the exercise of the Client’s inspection and audit rights provided for under paragraph 1.7.1 below.

5.2. In further pursuance of this policy, Consultants shall permit the Client to inspect their accounts and records and other documents relating to the submission of proposals and contract performance, and to have them audited by auditors appointed by the Client.

5.3 Consultants and public officials shall be also aware of the provisions stated in sections 51 and 52 of the Public Procurement Act which can be consulted on the website of the Procurement Policy Office (PPO) : [ppo.govmu.org](http://ppo.govmu.org).

5.4 Consultants shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal and during execution of the assignment if the Consultant is awarded the Contract, as requested in the Financial Proposal submission form (Section 4).

5.5 The Client commits itself to take all measures necessary to prevent fraud and corruption and ensures that none of its staff, personally or through his/her close relatives or through a third party, will in connection with the proposal for, or the execution of a contract, demand, take a promise for or accept, for him/herself or third person, any material or immaterial benefit which he/she is not legally entitled to. If the Client obtains information on the conduct of any of its employees which is a criminal offence under the relevant Anti-Corruption Laws of Mauritius or if there be a substantive suspicion in this regard, he will inform the relevant authority(ies) and in addition can initiate disciplinary actions. Furthermore, such proposal shall be rejected.

payments to persons or entities in that country.

- 9. Only one Proposal** 9.1 Consultants shall submit only one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual experts, to only one proposal.
- 10. Proposal Validity** 10.1 The **Data Sheet** indicates how long Consultants' Proposals must remain valid after the submission date. During this period, Consultants shall maintain the availability of Professional staff nominated in the Proposal. The Client will make its best effort to complete negotiations within this period. However should the need arise, the Client may request Consultants to extend the validity period of their proposals. Consultants who agree to such extension shall confirm that they maintain the availability of the Professional staff nominated in the Proposal, or, in their confirmation of extension of validity of the Proposal, Consultants could submit new staff in replacement, who would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.
- 11. Clarification and Amendment of RFP Documents** 11.1 Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the **Data Sheet** before the proposal submission date. The Client will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under para. 2.2.
- 11.2 At any time before the submission of Proposals, the Client may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the Client may, if the amendment is substantial, extend the deadline for the submission of Proposals.
- 12. Preparation of Proposals** 12.1 (a) The Proposal (see para. 1.2), as well as all related correspondence exchanged by the Consultants and the Client,

shall be written in English.

(b) Notwithstanding the above, documents in French submitted with the bid may be accepted without translation.

12.3 While preparing the Technical Proposal, Consultants must give particular attention to the following:

### 18. Evaluation of Technical Proposals

18.1 The Evaluation Committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.

### 19. Financial Proposals for QBS

19.1 Following the ranking of technical Proposals, when selection is based on quality only (QBS), the first ranked Consultant is invited to negotiate its proposal and the Contract in accordance with the instructions given under para. 6 of these Instructions.

### 20. Public Opening and Evaluation of Financial Proposals (only for QCBS, FBS, and LCS)

20.1 After the technical evaluation is completed the Client shall inform the Consultants who have submitted proposals the technical scores obtained by their Technical Proposals, and shall notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered nonresponsive to the RFP and TOR, that their Financial Proposals will be returned unopened after completing the selection process. The Client shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, the date, time and location for opening the Financial Proposals. The opening date should allow Consultants sufficient time to make arrangements for attending the opening. Consultants' attendance at the opening of Financial Proposals is optional.

20.2 Financial Proposals shall be opened in the presence of the Consultants' representatives who choose to attend. The name of the consultants and the technical scores of the consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copy of the record shall be sent to all

Consultants, upon request.

- 20.3 The Client will correct any computational error. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures the formers will prevail. In addition to the above corrections, as indicated under para. 3.6, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal the Evaluation Committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity and correct the total Proposal cost. Prices shall be converted to Mauritian Rupees using the selling rates of exchange issued by the Bank of Mauritius, prevailing on the deadline for submission of proposals.
- 20.4 In case of QCBS, the lowest evaluated Financial Proposal (Fm) will be given the maximum financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the **Data Sheet**. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the **Data Sheet**:  $S = St \times T\% + Sf \times P\%$ . The firm achieving the highest combined technical and financial score will be invited for negotiations.
- 20.5 In the case of Fixed-Budget Selection, the Client will select the firm that submitted the highest ranked Technical Proposal within the budget. Proposals that exceed the indicated budget will be rejected. In the case of the Least-Cost Selection, the Client will select the lowest proposal among those that passed the minimum technical score. In both cases the evaluated proposal price according to para. 5.6 shall be considered, and the selected firm is invited for negotiations.

## 21. Negotiations

- 21.1 Negotiations will be held on the date and at the address indicated in the **Data Sheet**. The invited Consultant will, as a prerequisite for attendance at the negotiations, confirm availability of all Professional staff. Failure in satisfying such requirements may result in the Client proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and

conclude a Contract.

**22. Technical negotiations**

- 22.1 Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, and organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The Client and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services”. Special attention will be paid to clearly defining the inputs and facilities required from the Client to ensure satisfactory implementation of the assignment. The Client shall prepare minutes of negotiations which will be signed by the Client and the Consultant.

**23. Financial negotiations**

- 23.1 If applicable, it is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the local tax amount to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the firm’s tax liability in the Republic of Mauritius, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. In case of Quality and Cost Based Selection, Fixed-Budget Selection, or the Least-Cost Selection methods, unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates. For other methods, Consultants will provide the Client with the information on remuneration rates described in the Appendix attached to Section 4 - Financial Proposal - Standard Forms of this RFP.

**24. Availability of Professional staff/experts**

- 24.1 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the Client expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the Client will require assurances that the Professional staff will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and shall be submitted by the Consultant within the period of time specified in the letter of invitation to

negotiate.

**25. Conclusion of the negotiations**

25.1 Negotiations will conclude with a review of the draft Contract. To complete negotiations the Client and the Consultant will initial the Contract. If negotiations fail, the Client will invite the Consultant whose Proposal received the second highest score to negotiate a Contract.

**26. Award of Contract**

26.1 The Consultant whose bid attains the highest score, in accordance with the criteria and selection method set forth in the request for proposals, or the one with the least cost in the case of the Least Cost method of selection, shall be selected for award, subject to satisfactory conclusion of negotiation.

26.2 For contract above the prescribed threshold, the Client shall notify the selected Consultant of its intention to award the contract and shall simultaneously notify all other short listed consultants of its decision.

26.3 For contracts not exceeding the prescribed threshold, the client shall issue the Letter of Award.

26.4 In the absence of a challenge by any other consultant within 7 days of the notice under section 7.2, the contract shall be awarded to the selected Consultant.

26.5 Within seven days from the issue of Letter of Award, the Client shall publish on the Public Procurement Portal ([publicprocurement.govmu.org](http://publicprocurement.govmu.org)) and the Client's website, the results of the RFP process identifying the:

(i) name of the successful Consultant, and the price it offered, as well as the duration and summary scope of the assignment; and

(ii) an executive summary of the RFP Evaluation Report, for contracts above the prescribed threshold referred to in section 7.2.

26.6 After Contract signature, the Client shall return the unopened Financial Proposals to the unsuccessful Consultants.

26.7 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

**27. Confidentiality**

27.1 Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted the Proposals or to other persons

not officially concerned with the process until the publication of the award. The undue use by any Consultant of confidential information related to the process may result in the rejection of its Proposal and may be subject to the provisions of the Government's antifraud and corruption policy.

## **28. Debriefing**

- 28.1 The client shall promptly attend to all requests for debriefing for the contract made in writing, and within 30 days from the date of the publication of the award or date the unsuccessful consultants are informed about the award, whichever is the case, by following regulation 9 of the public procurement Regulations 2008 as amended.

## Appendix: Financial Negotiations - Breakdown of Remuneration Rates

---

*(Not to be used when cost is a factor in the evaluation of Proposals)*

### 1. Review of Remuneration Rates

- 1.1 The remuneration rates for staff are made up of salary, social costs, overheads, fee that is profit, and any premium or allowance paid for assignments away from headquarters. To assist the firm in preparing financial negotiations, a Sample Form giving a breakdown of rates is attached (no financial information should be included in the Technical Proposal). Agreed breakdown sheets shall form part of the negotiated contract.
- 1.2 The Client is charged with the custody of government funds and is expected to exercise prudence in the expenditure of these funds. The Client is, therefore, concerned with the reasonableness of the firm's Financial Proposal, and, during negotiations, it expects to be able to review audited financial statements backing up the firm's remuneration rates, certified by an independent auditor. The firm shall be prepared to disclose such audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. Rate details are discussed below.
- (i) **Salary**  
This is the gross regular cash salary paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).
- (ii) **Bonus**  
Bonuses are normally paid out of profits. Because the Client does not wish to make double payments for the same item, staff bonuses shall not normally be included in the rates. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where **e national** policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.

(iii) Social Costs

Social costs are the costs to the firm of staff's non-monetary benefits. These items include, *inter alia*, social security including pension, medical and life insurance costs, and the cost of a staff member being sick or on vacation. In this regard, the cost of leave for public holidays is not an acceptable social cost nor is the cost of leave taken during an assignment if no additional staff replacement has been provided. Additional leave taken at the end of an assignment in accordance with the firm's leave policy is acceptable as a social cost.

(iv) Cost of Leave

The principles of calculating the cost of total days leave per annum as a percentage of basic salary shall normally be as follows:

$$\text{Leave cost as percentage of salary}^1 = \frac{\text{total days leave} \times 100}{[365 - w - ph - v - s]}$$

It is important to note that leave can be considered a social cost only if the Client is not charged for the leave taken.

(v) Overheads

Overhead expenses are the firm's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the contract. Typical items are home office costs (partner's time, nonbillable time, time of senior staff monitoring the project, rent, support staff, research, staff training, marketing, etc.), the cost of staff not currently employed on revenue-earning projects, taxes on business activities and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Client does not accept an add-on margin for social charges, overhead expenses, etc., for staff who are not permanent employees of the firm. In such case, the firm shall be entitled only to administrative costs and fee on the monthly payments charged for subcontracted staff.

(vi) Fee or Profit

The fee or profit shall be based on the sum of the salary, social costs, and overhead. If any bonuses paid on a regular basis are listed, a

---

<sup>1</sup> Where *w* = weekends, *ph* = public holidays, *v* = vacation, and *s* = sick leave.

corresponding reduction in the profit element shall be expected. Fee or profit shall not be allowed on travel or other reimbursable expenses, unless in the latter case an unusually large amount of procurement of equipment is required. The firm shall note that payments shall be made against an agreed estimated payment schedule as described in the draft form of the contract.

- (vii) **Away from Headquarters Allowance or Premium**  
Some Consultants pay allowances to staff working away from headquarters. Such allowances are calculated as a percentage of salary and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately. For concerned staff, this allowance, where paid, shall cover home education, etc.; these and similar items shall not be considered as reimbursable costs.
- (viii) **Subsistence Allowances**  
Subsistence allowances are not included in the rates, but are paid separately and in local currency. No additional subsistence is payable for dependents—the subsistence rate shall be the same for married and single team members.

UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.

## **2. Reimbursable expenses**

- 2.1 The financial negotiations shall further focus on such items as out-of-pocket expenses and other reimbursable expenses. These costs may include, but are not restricted to, cost of surveys, equipment, office rent, supplies, international and local travel, computer rental, mobilization and demobilization, insurance, and printing. These costs may be either unit rates or reimbursable on the presentation of invoices, in foreign or local currency.

## **3. Bank Guarantee**

- 3.1 Payments to the firm, including payment of any advance based on cash flow projections covered by a bank guarantee, shall be made according to an agreed estimated schedule ensuring the firm regular payments in local and foreign currency, as long as the services proceed as planned.

## **Section 5. Terms of Reference**

### **FOR THE PROCUREMENT OF CONSULTANCY SERVICES FOR THE SETTING UP OF AN AUTOMATIC IDENTIFICATION SYSTEM (AIS) MONITORING CENTRE AT THE TOURISM AUTHORITY**

#### **A. Project Title**

Setting up an Automatic Identification System Monitoring Centre at the Tourism Authority

#### **B. Project Description**

The Tourism Authority is a licensing and regulatory body governed by the Tourism Authority Act. As at date, the Authority has licensed approximately 3400 pleasure craft for both commercial and private purposes. Pleasure craft are licensed to operate either within the lagoon only or both within and outside the lagoon. Most of them have length dimension ranging from 6 to 8 metres and are Open Vessels by which is meant they do not have a canopy or a cabin. Pleasure craft such as Sport fishers and luxury motor yachts, on the other hand, are well-sheltered against rain, sun, and seawater ingress.

The photographs below portray some of the types of pleasure craft which have been licensed by the Tourism Authority:

## Section 5 – Terms of Reference

---

One of the recommendations in the report of the Commission of Enquiry on Drug Trafficking in 2018 was that **all** pleasure craft would be equipped with an Automatic Identification System (AIS) transmitter. Subsequently, the installation of AIS onboard pleasure craft was announced in the 2018/2019 budget speech with a view to enhance safety and security at sea. Accordingly, the Ministry of Tourism entrusted the Tourism Authority with the responsibility to set up its independent AIS Monitoring Centre to control the movement of approximately 3400 pleasure craft which would be fitted with a Class B+ AIS transmitter as a minimum.

Conscious of the fact that an ill-intentioned skipper would not hesitate to switch off or to attempt to impair the performance of an AIS transmitter which is fitted on his craft, the Tourism Authority has deemed it crucial that the type of AIS transmitter should meet specific criteria to ensure that there is continuous transmission of navigational data. The Tourism Authority has thus compiled a list of characteristics of the desired AIS transmitter as hereunder:

- a. Small and capable of being fixed permanently onboard the Open Vessels and should be removable with sufficient ease to enable investigation whenever a defect is suspected/detected.
- b. Capable of transmitting AIS data even if the pleasure craft is stopped or the engine is switched off.
- c. Should be easily detected by satellites so that a Monitoring Centre can clearly detect its location at sea.
- d. Powered by a source which is independent of the main source of power onboard the craft and incorporates an alternate source of power such as solar powered battery as back up.
- e. Should not provide any such options which allow an ill-intentioned person to stop transmission of AIS data.
- f. Should incorporate a SOS alert system which can be activated in an emergency.

**The Tourism Authority is, therefore, launching a tender for the procurement of Consultancy Services over a span of 3 years for the phased implementation of the project.**

### **C. Scope of work and deliverables**

The Tourism Authority seeks to procure the services of a consultant, whose duties and responsibilities will be:

1. To set up a primary AIS Monitoring Centre at the Tourism Authority and a backup centre at the National Coast Guard equipped with the required software and hardware to enable the tracking of the movements, in near real time, of around 3400 pleasure craft fitted with an AIS transmitter. The software should permit the Monitoring Centre to receive alerts in the event of loss of signals or of intermittent transmissions.
2. To advise on the best satellite and/or terrestrial AIS transmitters which need to be installed on the pleasure craft to meet the following requirements:

## Section 5 – Terms of Reference

- I. There is minimal possibility for the skippers/licensees tampering with the AIS transmitters with an aim to prevent them from transmitting data or to impair their performance.
  - II. The AIS transmitters are powered by such a system which is independent of the primary source of power of the pleasure craft so that there is continuous transmission of data even though the pleasure craft are stopped or moored.
  - III. The AIS transmitters can be installed even onboard open vessels (**Note:** more than 60 percent of pleasure craft registered at the Tourism Authority do not have a canopy/cabin) with recommendations on how to secure them onboard to minimise risks of being stolen or damaged.
3. To carry out consultations with the pleasure craft communities (commercial and private)
  4. To provide the necessary training to the designated staff on the optimal utilisation of the system once the AIS Monitoring Centre is set up and the pleasure craft are fitted with functional AIS transmitters.
  5. To commission the primary and backup AIS Monitoring Centre after successful pre-acceptance trials.
  6. To advise on the cost estimate of:
    - I. The required software and hardware to be installed at the primary and the backup centres.
    - II. The desired AIS transmitters and the names of firms/companies which can make them available on the Mauritian market.

### D. Expected Outputs

1. The consultant will provide high quality services to the Tourism Authority and will present the deliverables to the Authority. Payment of the deliverables will only be made after approval from the Tourism Authority.
2. The consultant should submit an Inception Report which shall indicate the methodology to be adopted to implement the project in line with the scope of work. The Inception Report should also provide a timeline for the attainment of the various milestones/deliverables identified further below. The consultant /consultancy firm will be remunerated as and when a milestone/deliverable is attained as per the Inception Report.
3. The Inception Report will be submitted in draft (for comments) and then in final version. The consultant will have 2-3 days for amendments and submission of the final version of the report.

	<b>Deliverables</b>	<b>Fee (%)</b>	<b>Means of Verification</b>	<b>Timeline</b>
1)	To submit a draft followed by the final Inception Report upon approval of the Tourism Authority.	10		
2)	To advise on the best satellite and/or terrestrial AIS transmitters	5		
3)	To carry out consultations with the pleasure craft communities	15		

## Section 5 – Terms of Reference

4)	To advise on the cost estimate for setting up the AIS Monitoring Centre and for the best AIS transmitter to be installed onboard the pleasure craft.	10		
5)	To set up a primary AIS Monitoring Centre at the Tourism Authority and a backup centre at the National Coast Guard	30		
6)	To provide the necessary training to the designated staff	20		
7)	To commission the primary and backup AIS Monitoring Centre	10		

Deliverables, wherever applicable, will be submitted as draft first prior to being approved for submission. All deliverables shall be in **English** and submitted in appropriate format, in MS Word and in PDF as per requirement of the Tourism Authority.

### E. Duration of Work

It is estimated that the project will span over 3 years as from 2023 and will be financed in a phased manner to achieve the following milestones:

- 1) Financial year 2023-2024 Recruitment of Consultant
- 2) Financial year 2024-2025 Setting Up of the AIS Monitoring Centre at the Tourism Authority and the backup Centre at the National Coast Guard
- 3) Financial year 2025-2026 Recruitment of AIS Manning Staff and delivery of training by the Consultant. Commissioning of the system on the understanding that the 3200 craft would have been fitted with functional AIS transmitters programmed with Maritime Mobile Service Identity (MMSI) numbers.

### F. Pre-Requisites of the Consultant/Consultancy firm

The Consultant shall have a local representative in Mauritius with whom the Tourism Authority shall be liaising for timely completion of this assignment especially for organising the consultative meetings with the pleasure craft community. The Consultants' team will be responsible for the full scope of work and deliverables and must possess, as a minimum, the following capabilities/work experience:
